ADULT COURSE DESCRIPTIONS & REGISTRATION

FALL / WINTER / SPRING / SUMMER

Fall/Winter/Spring Season runs October 1-June 21 with Summer Season continuing into July and August. Open & Revolving Enrollment - Choose your start date and continue for as long as you wish. **All students are encouraged to participate in the Annual Student Art Exhibition in the Spring.**

Adult Studio Drawing & Oil Painting

Join our fun group of artists who are improving their drawing and painting skills while enjoying the camaraderie of creating fabulous works of art together. Whether you are a beginner student or advanced artist, learning to use the traditional methods and process of the classical and impressionism Masters for correctly seeing and rendering values, shapes, form, edges and color mixing will help you achieve a better likeness in your drawing and painting.

Students may work from life or photo images of landscapes, still life, people or portrait — whatever is of interest as you build skills and confidence to take on more ambitious projects, or if you prefer, continue drawing and painting at a fun and relaxed pace. All students receive individual instruction tailored to their personal goals and speed. Students may draw or paint but are strongly encouraged to do both!

Bring your oil painting or charcoal drawing supplies to the first class or contact the studio for supply list.

NEW!

Morning Plein Air Landscape Oil Painting

Learn to paint an impressionism painting en plein air (in the open air) as we paint a landscape from life, at a local site and learn to see and mix colors of nature as appears in morning light. Traditional art master painting techniques will be taught to see and correct values, shapes, form and edges for a more painterly and realistic effect. If rain, we will work in the air-conditioned studio and paint from photo images of landscapes or seascapes. Art supply list and a list of everything you need to bring for a most enjoyable outdoor painting experience will be provided.

\$75/3-day, \$25/diem, 2 1/2 hr classes

Annual Students Art Exhibition & Reception Spring 2014 May/June Date to be Announced!

Rosemarie Morelli has taught drawing and painting to children and adults of all levels since 1990. She is dedicated full time to her school with a passion for teaching students how to draw and paint well. Rosemarie was commissioned to create several paintings, murals

and 3D multi-media design installations at Children's Hospital Boston. She brings more than 30 years of a professional career as a multi award-winning fine art oil painter, muralist, commercial illustrator and graphic designer to further enrich the diverse art interests of the students, be it classical realism, impressionism, surrealism, or contemporary and expressive illustration.

Rosemarie trained in classical realism and impressionism drawing and oil painting as a 7-year student of the Boston School of Painters at the Atelier of Nadia Mahfuz, the former pupil of RH Ives Gammell and Paul Ingbertson. She also studied painting under Sergio Roffo, at Mass College of Art, the MFA Boston, Worcester Art Museum and numerous local art museums, schools and venues.

Rosemarie Morelli Art Studio & School provides a fun and supportive learning environment for both children and adult artists of all skill levels. The studio is equipped with drawing tables and easels, is well lit for evening classes—bright and sunny for day, and has off-street parking for easy and direct access to the 1st floor studio.
